

Mirixa Australia Training - What's involved?

Training options

Mirixa Australia offers two training formats:

- 1) **Online training** through the MirixaReady™ platform and
- 2) **Live training** in-person or by webinar (web-based seminar).

All staff involved in delivering Mirixa Australia™ programs in the pharmacy must complete Mirixa Australia training.

The logo for MirixaReady, featuring the word 'Mirixa' in blue and 'Ready' in green, with a small trademark symbol.

Training content

Mirixa Australia training equips staff members with the information and skills required to deliver Mirixa Australia programs using the technology provided.

The use of Mirixa Australia technology and typical patient-pharmacist interactions are demonstrated.

Completion time

Although each user will progress through training at their own pace, viewing the content should take under 1 hour.

Assessment

If a user completes training online they must then pass the assessment questions in the MirixaReady platform. After completion of this, the user will be issued with a training certificate for printing.

If a user registers their details and attends an approved Mirixa Australia live training session, completion of assessment questions will be optional. A certificate will be issued by email for printing.

Benefits

Pharmacists will receive 1.5 CPD/CPE credits from the Australia College of Pharmacy for completing the training and an additional 1.5 CPD/CPE credits for passing the assessment. (Recording of CPD/CPE credits is the pharmacist's responsibility) The benefits of completing training include implementation of Mirixa Australia programs and professional service delivery in your pharmacy.

Good Practice:

1. **Go to** <http://www.mirixa.com.au> > 
2. **Sign-in** with your ID and Email address. *These details are sent via email to each pharmacy by Mirixa Australia upon signing the Application and Terms and Conditions document.*
3. **Follow** the steps below to fulfill the requirements of the training and assessment:
 - Step 1** Review the training modules;
 - Step 2** Go to assessment;
 - Step 3** Complete assessment;
 - Step 4** Subscription.
4. **Repeat** Steps 1-3 for each staff member involved in delivering Mirixa Australia programs.
